

SONG 1 – Overture

PRINCE

Prince Charming I am
I sing and I dance
This is Max, my horse...
Wait! Where has he gone?

CINDERELLA

I am Cinderella
I'm looking at you
It's nearly midnight
And where is my shoe?

SNOW WHITE

They call me Snow White
With dwarves I live
Oh! Look at this basket!
This apple I'll eat!

ALL

No!!

SNOW WHITE

Ok...

ALL

Hello everybody
This is our kingdom
Princesses, puppets
A talking Mirror
But suddenly
All problems start now
Who can help us out
And solve them at once?

MORTIMER

The Prince is now busy

Come later today
He can't find his horse
Oh look! A new girl!

RAPUNZEL

Shampooing my hair
Is no easy sport
I have an idea
I will wear it short!

ALL

No!!

RAPUNZEL

Ok...

NARRATOR

Prince Charming, the hero
He will find the shoe
He will stop the Apple
And buy you shampoo!

ALL

Hello everybody
This is our kingdom
Princesses, puppets
A talking Mirror

But suddenly
All problems start now
Who can help us out
And solve them
solve them at once
solve them at once
help us solve them at once

Mirror On The Wall

Prince, Mortimer and Mirror

When in trouble
When you're sad
When it's cold
When it's black
When you're scared
When you're down
When you're anxious
You know that

Chorus

You can talk to the mirror
On the Wall
He will give you
What you're looking for
You can talk to the mirror
On the Wall
He will then give you
What you're looking for

Mirror

I'm a friend
I'm a pal
I'm the answers
That you want

Prince and Mortimer

Call his name
Three good times
He will help you
You know that

Prince Mortimer Mirror

You can talk to the mirror
On the Wall
He will give you
What you're looking for
You can talk to the mirror
On the Wall
He will then give you
What you're looking for

Mirror, mirror on the wall

Song 3 Rapunzel - Part 1

Rapunzel

My hair is too long
I want to cut it short

Mother

No way, you won't, oh no
The power is too strong

Rapunzel

And if I sing to you
You look so very young

Mortimer

But she's not young, my love!
Magic is what you've done!

Rapunzel (chorus)

My hair I will cut
When she's away and far
I will look so divine
I'll be a super, super star!
My hair I will cut
When she's away and far
I will look so divine
You keep this secret now!
Shhh

Song 4 – Snow White

Snow White

My name is Snow White
I like to walk at night
I'm always hoping to find
One handsome knight

But wait now, who are you
What is it that you want?

Witch

An apple I will give you
Just step into the light

Mortimer (CHORUS)

*And this is the whole trouble
With snow white dear prince
You need to stop the witch
Distracting her like this*

Prince

Max dear, good friend
Look at this girl
Her skin is white as snow
Just like it is your fur!

Witch

What do you want with her?
Now go away, you brute
I have to feed her apples
It is a healthy fruit

Song 5 – Cinderella

Mortimer

Next comes the girl
who cleans up all the floor
Meet the girl who makes your bed
But lives behind a door

Prince

Who is that girl?
What is her name?
I just want to meet her
I want to see her face

Chorus

It's Cinderella
She's the girl
The girl who cleans
It's Cinderella
She will be queen!
She will be queen!

Cinderella

Monday thru Friday
I work without rest
I work at the weekend
My hair is just a mess

Fairy Godmother

Magic and hope
Will help this young girl
I will use my good wand
Do you know her name?

Chorus

It's Cinderella
She's the girl
The girl who cleans
It's Cinderella
She will be queen!
Cinderella
Cinderella
Cinderella

Cinderella

What?!

Snow White Part 2

Witch

Now where is this Snow White?
Why are there apples here?
She has to take that bite
So then she will disappear

But wait now, who are you
What is it that you want?

Prince

I am the Prince in town
Those apples are now mine

Mortimer (CHORUS)

And this is the whole trouble
With snow white dear prince
You need to stop the witch
Distracting her like this

Prince

Not clean is Cinderella
Rapunzel just complains
Snow White has no brains
These girls are not all there

Witch

The Mirror was so clear
He said "OH Prince, don't judge"
The consequence is here
Now try and live with that!

Rapunzel's Song – Part 2

RAPUNZEL

The Prince was so wrong
Paid no attention, no

SNOW WHITE

But we cannot ignore
That now he's on the floor

RAPUNZEL

And if I sing to him
He'll look much better now

MORTIMER

This is the right time, my love
Your magic will save him now! ATISHOO!

RAPUNZEL

My hair I won't cut
So my powers I can have
I will bring him back
I will be a superstar!

Cinderella's song – part 2

Mortimer

Next comes the girl
Who met you at the ball
Meet the girl
Who lost a shoe
But lives behind a door

Prince

Who is that girl
What is her name
I just want to meet her
I want to see her face

Chorus

It's Cinderella
She's the girl, The girl who cleans
It's Cinderella
She will be queen!

Cinderella

Hello Prince Charming
How are you today
We met that good weekend
But I was in a dress

Prince

I was so wrong
To care about your dress
I will learn my lesson
What is your name?

Chorus

It's Cinderella
She's the girl, the girl who cleans
It's Cinderella
She will be queen!
